

Session 2016-2017

Distinctiveness of the college

Nurturing the talent of students and empowering them through Sports and Art & Culture.

The major focus and distinctiveness of the college is the overall development of students' personality which involves physical, mental and spiritual growth of the students. To ensure the holistic development of its students, the college endeavors to impart quality education which would develop their mind, brain and body equally.

A majority of the students belong to rural areas and lack opportunities to exhibit their talent. By providing ample opportunities to participate in various competitions related to sports, dramatics, dances, music, debates, literary writing, fine arts and heritage items the college performs the challenging task of making students competent and well-equipped human beings. Such activities help the students to hone their skills & are a very good means to create awareness about social, ethical and global issues .

There are spacious play grounds, fully equipped gymnasium, multipurpose hall for indoor games and many other facilities available for students. Students are encouraged to participate in various Sports and Athletics Competitions. During the current session, 3 students brought laurels to the college by winning 9 medals in Power Lifting in State/ District Level Competitions. In 100 mt. Air Rifle, three students won three medals in Inter College competition and made the institution proud.

A cultural programme in the memory of the founder President Dr. Ishwar Singh is organised every year. This helps in talent hunt especially amongst the new entrants. Besides organising Panjab University Zonal & Inter-Zonal Youth & Heritage Festivals, Teej celebrations, live shows by artists, talent hunt competitions, a number of debates, declamations, quiz contests etc are also frequently organised by the college.
