## Part B

### **CRITERION I – CURRICULAR ASPECTS**

#### **1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Statutory Advisory committee comprising of senior faculty members and head of the departments prepare the academic schedule in accordance with the academic calendar provided by Panjab University Chandigarh. After discussing the workload in each department with head of the department, additional faculty is recruited as per requirement. Class wise timetable is drafted and subjects are allotted by heads to faculty members as per their specialization and expertise.

Each department plans and divides its syllabus into two parts for semester classes (each semester) and three parts for annual classes. The printed copy of planned division of syllabus is made available to teachers and students. This helps to keep uniform pace wherever the class is divided into more than one section. Departmental meetings are held at regular intervals to ensure the timely completion of syllabus and discuss any problem with curriculum delivery.

Teachers are encouraged to adopt learning centric & innovative teaching techniques and ICT tools. Seminars, workshops, quiz, guest lectures are held to supplement classroom teaching. Educational tours, field trips and industrial visits are carried out in a phased manner to enhance the exposure of the students. Participate learning, problem solving methods, youtube assisted

learning are also used to optimise curriculum delivery. The faculty regularly updates its knowledge by attending Orientation/Refresher Course/Workshops conducted by the colleges/universities. College library has a good collection of books, journals and magazines. All the laboratories are updated every year as per the requirement of curriculum. Many teachers of the college are members of different boards of studies. The feedback about the syllabus (if any) given by students and teachers is properly communicated by members of boards of studies in their respective meetings. The record of all lectures delivered, attended and shortage of attendance if any is properly recorded. Regular class tests are taken every month to track the progress of students. Performance in the tests is used to compile the internal assessment of students. Final assessment is also displayed on notice board before submitting to the university to ensure transparency and address grievances if any. Regular feedback is received from different stakeholders such as Students/Alumni/Parents etc. Students are encouraged to give feedback about college and teaching methodology adopted by teachers, which is then properly analysed. It is also shared with teachers to ensure effective curriculum delivery and to identify any problem.

### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The institution ensures academic, personal and psycho-social support to the students through a good mentoring system available in the institution. Guidance and Counseling is provided to the students, both at the academic and personal level by the faculty. They are guided for the right choice of the programmes/courses/elective subjects, opting of one or the other add on course etc. at the time of admissions. Special emphasis is laid on personal interaction between the students and teachers outside the classroom. Guidance and motivation continues throughout the year as the students are exhorted to participate in sports, cultural and co-curricular activities in order to enhance their personality. Students of this institution confide in their teachers and openly discuss their personal as well as family problems which are resolved by the faculty at the level of the student or sometimes with the involvement of their parents and the guardians as well. For change of faculty/ subject, the teachers as well as the head of the institution provide proper counseling to the students. The choice of the student and his/her performance in the lower exam passed as well as in the present class are given due consideration while allowing the change. At times, parents are also called for the benefit of the students, who have changed their subjects or faculty/programme. Guidance is also provided to advanced learners as well. They are identified on the basis of marks obtained in the lower exam passed, performance in the class, class tests. Such students are motivated to participate in co-curricular activities. They are suggested to consult extra study material. Many students have benefited from the personal and psycho-social support and guidance. Such students are in many cases identified by the teachers or are reported by their classmates/friends. The teachers have even reached out to their parents to understand the problem and find an appropriate solution. Many students, who were reluctant to continue studies due to psycho-social or economic reasons or family problem, have been convinced to continue studies.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

For continuous evaluation, the affiliating university has introduced a component of internal assessment, the proportion of which varies from course to course. This forms the formative evaluation approach. This is mainly based on house tests to be conducted at the end of each term, attendance at lectures, snap tests, participation in discussions in class, written assignments, seminars, presentations, class performance, Mid Semester Tests etc. The criterion for internal assessment has been laid by the affiliating university. The applicability has been given due consideration while deciding it. It varies from course to course and also within the course for different subjects.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The IQAC of the college ensures that the academic calendar of the institution is prepared well ahead of the beginning of the session, keeping in mind the academic calendar provided by Panjab University Chandigarh (Affiliating University) for admissions and examinations. The academic calendar of the institution describes the schedule of various academic and co-curricular activities to be undertaken by the institution in that particular academic session. The aim of the institutional academic calendar is to provide students information regarding the schedule of various activities of the institution such as bridge courses, remedial classes, in house and semester exams, so that they may prepare for the things accordingly. The IQAC ensures that the academic calendar of the institution is followed as closely as possible, subject to conditions. Besides this, departments are also asked to prepare their respective academic calendars and activity schedules for the academic and co-curricular activities of their departments. The schedules are planned in such a way as to facilitate effective and efficient delivery of curriculum and to assess and evaluate, regularly and continuously the learning outcomes of the students. The co-curricular activities are meticulously planned, so that there is minimum loss of teaching-learning activity.

In order to make teaching and learning more effective, the institution regularly upgrades and enhances its infrastructure. The Master plan of the institution has been prepared. It provides for future addition of infrastructure as well. Future projects have been prioritized. Building projects are accordingly taken up almost every year. Availability of finances is also a major deciding factor. Consistent efforts are made to gather funds for this purpose from external sources.

- The institution has signed MOUs with LIBSOFT for maintenance and up-gradation of library software.
- The institution has AMCs for the maintenance of computer hardware and software.
- The campus is used by the people for walks, games, yoga and the gym for exercise etc. The college charges Rs. 200/- per month from the morning walkers and Rs. 300/- per month from the gym users. The campus and infrastructure like Hall, Seminar Room and computers are often used by the administration for its training programmes, census related activities, public welfare activities and conduct of elections.
- The college has a policy to modernize teaching technologies. New computers/hardware/software is being added/upgraded from time to time as per requirement. Equipment for labs is added as per requirement.
- The Library Advisory Committee constituting of faculty members, librarian and two student members. They plans and helps in the purchase of books and other reading material.
- Most of the staff is covered under ESI Scheme of the Government. Medical Allowance is paid to some members of the staff. The college has provided insurance cover to the students.
- To make the campus user-friendly for the students with physical disabilities, ramps as well as special toilets have been constructed.
- It is ensured that the available infrastructure is effectively and optimally utilized. During the lean period/hours, a number of courses in the non-formal mode are also offered to the students as well as non-

students in IT, Typing, English etc. The girl's hostel, though not occupied, is used during the organization of zonal and Inter-zonal youth festivals. The playgrounds are optimally utilized and sports facilities adequately used throughout the session. A number of students and members of the staff make use of the indoor Gym, fitted with the latest exercise gadgets and training machines. The college shares some facilities like grounds, hall, gymnasium and staff quarters with Guru Nanak Model Senior Secondary School, Doraha, run by the same management. • The college has established a teaching aid cell. The members of the cell help the teachers for preparing computer-aided teaching/learning material. Special training programmes in the use of computers for the teaching staff have been conducted from time to time. • The building is regularly repaired and painted. Electrical fittings are also replaced whenever needed. Maintenance of water purifiers, Xerox machines, computer software and hardware is done through AMCs. The fire extinguishers are refilled in time. However, the equipment like generators, servos, inverters/UPS, etc. are regularly serviced and maintained. To prevent damage to sensitive equipments, we have installed servos and stabilizers.
